LIBRARIAN'S REPORT

February, 1931

Number of books in library	4798
Number of books added	214
Number of books added by purchase	186
Number of books added by gift	28
Number of books circulated	7946
Number of books circulated from S. Merrimack	430
Number of new registrations	59
Number of registrations from S. Merrimack	60
Number of visitors	40

In October Miss Dorothy Annable, Secretary of the State Library Commission, visited the library, looked over the books and discarded those she considered no longer of value. Early in the spring she will again come to the library and help catalog the books and a new charging system will be installed.

The South Merrimack branch is successfully continued under the direction of Mrs. Morse.

Book Week was observed by the addition of children's books and stories read to the children by Mrs. Hazel White.

Valuable gifts of books, pictures and manuscripts for the historical collection have been received from friends of the library. The children have also given gifts, books which they have read and were pleased to donate to the children's department.

During the summer the walls and ceiling of the library, which had become quite discolored, were redecorated.

Respectfully submitted,

EMMA A. CROSS,
Librarian.

REPORT OF SUPERINTENDENT OF SCHOOLS

February 4, 1931
Hudson, New Hampshire.

To the School Board and Citizens of the Town of Merrimack:

GREETINGS: The following is a graded list of the enrollment of pupils in your schools on January 5, 1931:

	1	2	3	4	5	6	7	8	9	10	11	12	Total
Reed's Ferry (Primary)	8	6	10	2									26
Reed's Ferry (Grammar)					5	4	7	5					21
Merrimack (Primary)	7	5	7	6									26
Merrimack (Grammar)					8	7	7	7					29
Thornton's Ferry	4	7	3	6	3	5							28
No. 5	4	1	5	3	4	2	1	2					22
No. 6		1	2	2	1	2		1					9
No. 7	1	1	2	2	0	2	2	2					12
No. 12	2	0	2	4	0	2	1	1					12
McGaw Normal Institute									10	7	4	11	32
Totals	26	21	31	25	21	24	18	18	10	7	4	11	217

Due to the large number of pupils in the Thornton's Ferry district, it was decided at the beginning of the year to transport the seventh and eighth grades to the Reed's Ferry Grammar school as has been done the past few years.

There were several changes due to resignations in the teaching force this year. Mr. Richard P. Hodsdon was elected the headmaster of McGaw Normal Institute and Miss Hulda Ekdahl and Miss Alice Owen were elected as his assistants. Miss Ruth Shenton succeeded Miss Bertha Royce as primary teacher in Reed's Ferry. Miss Julia Hickey was selected for the Thornton's Ferry school, Mrs. Clara Trumbull for No. 12 at South Merrimack, and Miss Katherine Sweeney for No. 5 at Reed's Pond.

I believe that on the whole you have a very efficient corps of teachers who are striving sincerely and enthusiastically

to improve the educational opportunities of your boys and girls.

At the brick school-house, No. 6, there are but nine pupils, five of whom live in the town of Amherst and for whom the town of Merrimack receives tuition. Due to the small number of pupils in the school, I would recommend to the School Board that this school be closed for next year, and that these four pupils be transported either to No. 4, 5, or 12 as best transportation facilities can be provided. This will mean an economic saving of between five and six hundred dollars.

During the first part of the school year, there were but nine pupils in school No. 7 in the Hutchinson neighborhood, but recently three other pupils have attended this school. Unless more pupils move into this district and attend this school, I believe it to be economically advisable to also close this school at some time in the near future.

Standard graduation examinations will be given in all grades before the close of the year, and the results used by the teachers in making their recommendations for promotion to the next grade.

I wish to thank the teachers for the co-operation which they have given me in carrying on the school work in Merrimack.

I also wish to thank the School Board and Citizens for their sincere interest and co-operation, and urge them to more frequently visit their schools and learn at first hand of the work which is being accomplished.

Respectfully submitted,

FRED W. HALL,
Superintendent.

REPORT OF MCGAW NORMAL INSTITUTE

McGaw Normal Institute opened September 8, 1930, with an enrollment of thirty-one pupils divided as follows: eleven in the twelfth grade; four in the eleventh grade; six in the tenth grade; and ten in the ninth grade. Since the opening of school one member of the ninth grade has dropped out of school and three new members have been added, two to the ninth grade and one to the tenth, making the present enrollment thirty-three.

Some confusion resulted at the beginning of the year because of the changes in assistant teachers but earnest effort on the part of all concerned has corrected that. At the suggestion of the Superintendent, and with the approval of the State Board of Education, a change was made in the curriculum to obtain more instruction in Home Economics thereby obtaining the State aid under the Reed Fund. This department is working in close co-operation with the representative of the State Board from whom many helpful suggestions have been received.

During the last summer considerable work was done on the equipment of the building. The floors were oiled, the desks sanded and varnished, blackboards repaired, and some painting done so the school rooms are in fairly good repair. Early in the year the outside door of the main entrance was changed to swing outward to conform with the State law.

On November 27, 1930, the school presented a three-act play to raise funds for sending two boys to Colby College to enter the Lyford Prize Speaking contest and the elimination contest to determine who should be sent was held on February 6, 1931.

Fire drills are being held from time to time and every precaution possible taken to prevent fire.

R. P. HODSDON.

REPORT OF SCHOOL NURSE

To the School Board and Citizens of Merrimack:

I herewith tender my report as School Nurse from December 11, 1930 to February 1, 1931:

	Defects corrected	Under treatment
Number examined	210	
Number underweight	31	
Number defective teeth	130	3
Number defective tonsils	45	1
Number defective vision	11	3
Number orthopedic defects ...	2	1
Number defective hearing	3	
Number unvaccinated	20	
Number home calls	10	
Number school visits	22	

I have had splendid co-operation from the teachers and parents during the short time I have worked in Merrimack and with this great help I feel sure much can be accomplished.

Respectfully submitted,

MARGARET E. CRONIN, R. N.,

School Nurse.
